

Series ZX-Ø-SG

Cylinder with slide guide,
piston-Ø 25 to 63 mm

Design and function

Double acting rodless cylinder with adjustable cushion and permanent magnet. Series SG incorporates an adjustable guide system for medium loads. The sensors can be installed directly into the grooves of the aluminum profile. Cylinders of this series are available in explosion proof design in accordance with 94/9/EG (ATEX). For further details see chapter 12 of this catalogue.
